

Webinars: Fundamentals of equine practice

Decision making with the colicking horse

Tuesday 3rd June 2025

Are you dreading the moment a call for a colic comes in? Constantly worried you are missing something or cannot interpret your rectal exam? This course is for you.

About this course

This webinar discusses colic work up and decision making in colic cases in detail, covering common and not so common causes of colic, how to manage different cases and when to refer. Dealing with a colicking horse quickly, competently and confidently can make the difference between life and death for the horse and offers reassurance to an already distressed owner.

The webinar will run **12.30pm to 1.30pm** on the above date.
