

Webinar Series: Fundamentals of equine practice

Contentious issues in sports horse prepurchase examinations

Monday 2nd March

This webinar explores the most contentious and clinically challenging aspects of the sports horse pre-purchase examination.

Drawing on current evidence and real-world experience, it examines how to interpret ambiguous findings, manage subjectivity in lameness assessment, integrate (and question) advanced technologies such as objective gait analysis and diagnostic imaging, and navigate common problem areas including cervical radiographs, distal limb imaging and ridden evaluations.

Why do this course?

Attendees will gain practical, defensible strategies for making balanced, evidence-informed decisions during PPEs and communicating risk effectively to clients.

Tutor

Andy Fiske-Jackson BVSc MVetMed DipECVS FHEA MRCVS
Professor of Equine Surgery
Royal Veterinary College
